2022

ICE FISHING can be brutal. Temperatures frigid, ice thick. Challenges magnify in this unforgiving environment. To consistently fish, you need to be smart and fish efficiently and confidently.

Serious ice anglers know this can only be accomplished by integrating uncompromising quality into their equipment selection, and  **POLAR FIRE** Gear has been engineered to fill that role. From premium cold weather clothing to high performance drills and specialized gear,  **POLAR FIRE** has what it takes to meet your expectations, and then some.

 **POLAR FIRE** produces the industry's finest cold weather clothing systems, bar none, providing a complete heat and moisture management system that will not only keep you warm, but dry and comfortable, all day long, no matter how brutal it gets.

Powerful power augers providing the optimal combination of durability, power and torque to cut smoothly and efficiently, keeping you on top of your game.

Tip-ups with fully adjustable, multi-setting trip mechanisms that can be set from super-light to super-heavy, while remaining fully guaranteed against freeze-up.

Premium ice rods designed in an ultimate array of designs and actions by today's top pros to selectively match specific situations--all while providing unsurpassed presentation control and sensitivity. Ultra-smooth reels designed specifically to balance on these rods, plus operate flawlessly in frigid temperatures.

 **POLAR FIRE** Gear is designed by truly serious ice anglers, for truly serious ice anglers. And in today's world, that's truly something special.

 **POLAR FIRE** Gear. **THIS IS HOW IT'S DONE!**
